Identifying and Addressing Barriers to Learning for Individual Pupils	Summary of main barriers to educational achievement for eligible pupils
Barriers to learning are identified during everyday teaching and learning. They are discussed in detail for each Pupil Premium child during our termly 'Identification of Need' meetings. In addition the achievement of Pupil Premium children is closely monitored and their learning needs discussed at Assessment and Target setting discussions which follow half termly assessment checks in core areas of the curriculum.	<ul style="list-style-type: none">• Identified Special Educational Needs• Social, emotional and mental health• Speech, language and social communication difficulties

Measuring the impact of PPG spending – end of academic year 2017-2018

As a result of lack of anonymity due to small numbers of PPG/PLAC children, year groups are not identified.

Impact : The impact of the schools spending can be measured through the school tracking system and the individual progress of pupils. All children receiving PPG funding have made good progress relative to their starting points and are benefitting greatly from the additional support they receive from trained adults.

Provision is evaluated throughout the year and changes are made to individual/group support programmes in order to maximise the impact of the funding. This will continue to happen during the academic year 2018-2019.
